Hanolex™ HP460 Eyelet Press

Hand operated eyelet press capable of setting eyelets with an internal hole size of up to 16mm diameter.

Utilises self-piercing eyelets so your hole is cut and set in one operation saving time and money. **Ideal for vinyl banners.**

Lightweight and portable: take the machine to the job rather than the job to the machine.

Will work through multiple layers of material with ease.

Setting dies can be quickly changed to fit different sized eyelets. Our high quality CNC produced dies are made from durable stainless steel to ensure long lasting service.

Can also be used to set rivets, press studs, pop fasteners when used with the correct dies.

- **Does NOT need to be fixed in position to operate.**
- **Designed to reduce the amount of force required to cut and set.**
- **Easy setup and operation.**
- **Quick, self piercing single action.**
- **Strong and durable.**
- **Supplied with full operating instructions.**
- **1 year Warranty.**

The secret's in our Hi-Quality Setting Dies

Made in the UK

Hanolex™ Banner Eyelets

Use with our very own range of British made **Hanolex ™** banner eyelets, made from top quality solid brass - not plated steel - so they will never rust and spoil your banner.

Eyelets are available in Brass, Nickel and Black colours, with hole sizes in 5mm, 9mm, 11mm & 16mm.
